From

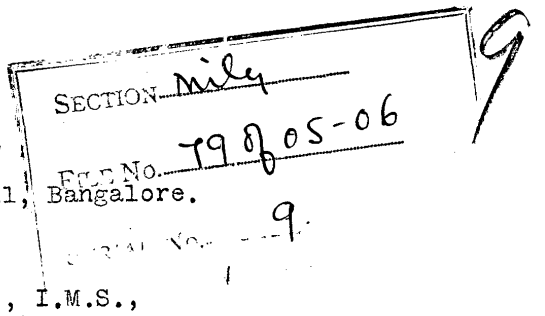
G.Hume Wright Esqr.,

Superintendent

Central Jail, Bangalore.



To

Lt.-Colonel J.Smyth M.D., I.M.S.,

Offg. Inspector General of Prisons in Mysore.

Sir,

With reference to your Memo No.440/J dated 24th Instant, forwarding copy of letter No.3092/F dated 17th idem received by you from the Military Assistant to the Government of Mysore, stating that this office indent for supply of ammunitions may be cancelled for reasons stated therein, I have the honor to state that 60 warders have to fire 10 rounds a month for practice 600. Owing to the short supply I cannot make them fire even 7 rounds a month and still have a reserve for emergencies. The powder used will not last for years as it will deteriorate. The supply asked for in the indent is very modest, and I do not think should be refused if the warders are to be taught to be of any practical use with firearms. It is dangerous to give any firearm and ammunition to a man who is not trained in the use of it.

I have &ca.,

I have the honor to acknowledge the receipt of your letter No: 3093 dated 17-3-1906 and in reply to your request contained in the last paragraph, I beg to invite reference to previous correspondence No: 643/108 dated 3rd August 1904 which explains the reasons for requiring a larger quantity of ammunition than hitherto. I have also to add that for the current year I intend as far as practicable to get all the men comprising the District Reserves, and Provincial Reserve Police, and Police Training School put through a short course of musketry training, economising as much as possible in the preliminary training by using percussion caps instead of blank cartridge, the latter being limited to 5 rounds per man, whilst the former has been increased by 5 caps extra per man. I have also to state that in the course of my inspection through the Districts during the past year - instances have come to notice where the officers and men displayed a profound ignorance of the use of fire-arms owing primarily to the want of some systematic training and practice in musketry. With a view to remedying such an undesirable state of affairs orders will shortly be issued embodying instructions for

carrying out an annual course of musketry and governing the disposal of ammunition in accordance with these arrangements. I beg to append for information a return showing approximately in detail the expenditure by the various units for 1906-07.

It is essential that the armed units of the Police Force should at least have sufficient practice to ensure a rudimentary knowledge of musketry, and as this cannot be brought about without incurring an increased expenditure of ammunition, I beg that the sanction of Government for the quantity now required may be solicited.

In submitting the annual indent for 1906-07 I have the honor to request that in the event of elongated ball ammunition not being available for issue from the Madras Arsenal the sanction of Government may be obtained for its manufacture under our own departmental arrangements.

I have the honor to be,

Sir,

Your most obedient servant,

Inspector General of Police.

Sir,

With reference to your letter No: 596/F.79 of 05-06 dated 10-8-1906, I have the honor to state that there are no facilities here for ascertaining the bore of the ~~arms~~ muskets, for wh round ball cartridges have been included in the indent, as the include a variety of patterns and calibres from the old Enfiel musket downwards. The No: 856 ball cartridges referred to in the extract from the Madras Ordinance officer's letter No: R.B. 889/6886 dated 2-8-06, are found to be too small in some cases and too large in others. On reconsideration therefore, I am o opinion, that buckshot for the use of these arms would better fulfil our requirements. I have the honor therefore to reque that you will be so good as to arrange for the supply of buck-shot cartridges in place of the round ball indented for.

SIR,

With reference to the correspondence ending wi
Colonel Jones' letter No.1824, dated the 7th November 1905, I am
directed to say that the Government of India will be addressed
regarding the supply to the Durbar of the marginally noted ammun
tion on receipt of informa-
tion on the following point

For the Police Department.	
evolver cartridges bore '450	105.
ongated ball cartridges	3765.
For the Jail Department.	
volver cartridges bore '450.	50.

(a) From the ident forwarde
with Colonel Jones' letter No. 3540, dated the 24th April 1906,
it seems that the previous supply of revolver cartridges for the
Police Department was obtained from Messrs, Orr and Sons, Madras,
in January 1905, but it would not appear ~~kk~~ by what provision of
the Arms Act Rules this supply was authorised by the Government
of India or what quantity was then imported.

(b) It is stated in the same indent that there are fifty revolve
cartridges for the Jail Department on hand. Information is re-
quested as to what quantity of this ammunition was obtained on
the last occasion and whether the supply was authorised.

With reference to your memo No.1677/76 dated the 26th ultimo giving cover to copy of letter No.2077/F.No.79 of 1905-06 dated the 24th idem from the Military Assistant to the Government of Mysore, I have the honor to state in reply as under:-

1. 15 revolver cartridges were shown as remaining on 1st July 1905 from the old stock in the indent forwarded with this office No.375 dated 9th March 1906 and not 50 as stated in the letter referred to above.

2. A requisition was made to you in this office No.4 dated the 2nd January 1906, to cause the supply of one box of revolver cartridges required for the occasion of the visit His Royal Highness the Prince of Wales to Bangalore.

3. You were pleased to direct in your No.41/J dated the 8th January 1906 that this ammunition might be obtained from the Military Assistant.

4. That as this ammunition could not be had in time from the Military Assistant, a box containing 50 revolver cartridges was bought from Messrs. Spencer & Co., at a cost of Rs.2-12-0 on 3rd February 1906 by the orders of the then Superintendent as the sa was required very urgently and the cost thereof was debited in the Detailed Contingent bill of this Jail for March 1906.

5. An objection was taken by you in your No.801/J dated the 31st May 1906, to the procedure adopted above and a reply was given in this office No.1013 dated 27th June 1906 to the effect that the cartridges referred to were bought as they were very urgently required and the Military Assistant having informed me include the said ammunition in the next annual indent, by which time there would have been a long delay.

6. Out of the 50 cartridges bought in February 1906 together with the 15 shown as remaining in the indent, 15 were expended during the occasion of the visit of His Royal Highness, leaving a balance in hand of 50 revolver cartridges. A further number of

cartridges was asked in the indent in addition to the above remainin to meet the requirements during the official year 1906-07.

Sir,

With reference to your No.3850 dated 19-4-07 and your No.3913 da 24-4-07, I have the honor to state that the balance of Gunpowder on 1 March 1906 and the quantity received during the year tally with the figures given in your letter above quoted. But the actual issues during the period ending with 31st March 1907 amounted to 2004¾ lbs. large grain and 775 of small grain gunpowder, leaving a balance of 75 lbs. of the former and 319 lbs. of the latter in stock on 1st April 0

2. Gunpowder of both sorts was indented for last year. None arriv in time for the Dasara which took place between 19th September 1906 a 27th September 06. The large grain gunpowder left in stock having soon become exhausted, small grain gunpowder had to be used in its place. The supply received subsequently i. e., on 15th October 1906 was that of large grain gunpowder only. This accounts for the small quantity of small grain gunpowder and larger quantity of large grain gunpowder left in stock than that shown in your letter.

3. The 319 lbs. of small grain gunpowder now in stock is in the for of cartridges. Some quantity of small grain gunpowder in the form o

powder
